DIY WITH BM!

Feeling festive? Well, get ready to feel festive x10, because we've made you some Christmas cut-out props to go with your outfit. You're welcome!

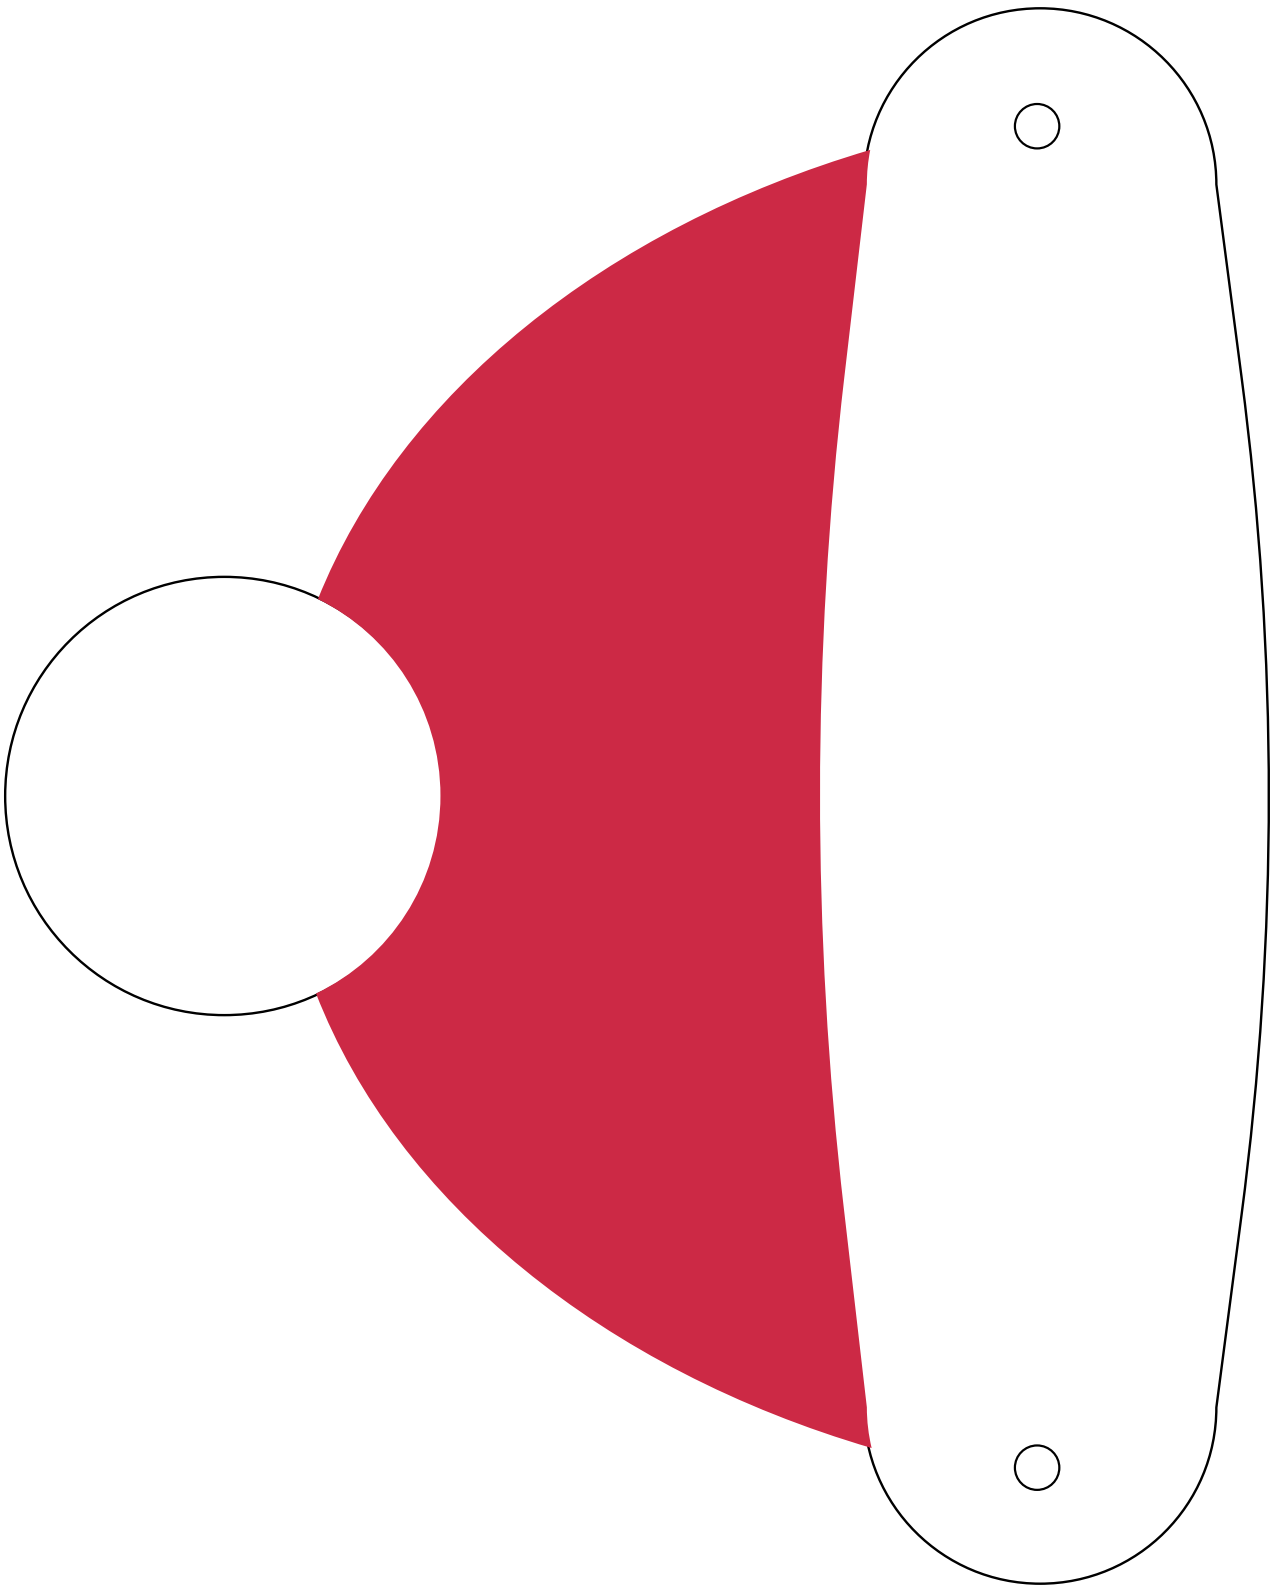

Here's what you gotta do:

1. Grab some elastic, popsicle sticks, sticky tape, a hot glue gun, a plain headband, and your Christmas spirit.
2. Cut-out each piece, and don't forget to punch out any holes as marked.
3. Add elastic to the Santa hat, so you can secure it around your noggin'.
4. For the reindeer nose and Santa beard, attach a popsicle stick to the back, acting like a handle.
5. Carefully hot glue the reindeer antlers onto your headband.
6. Put them on, take 1046 photos, and don't take them off until the 26th of December!

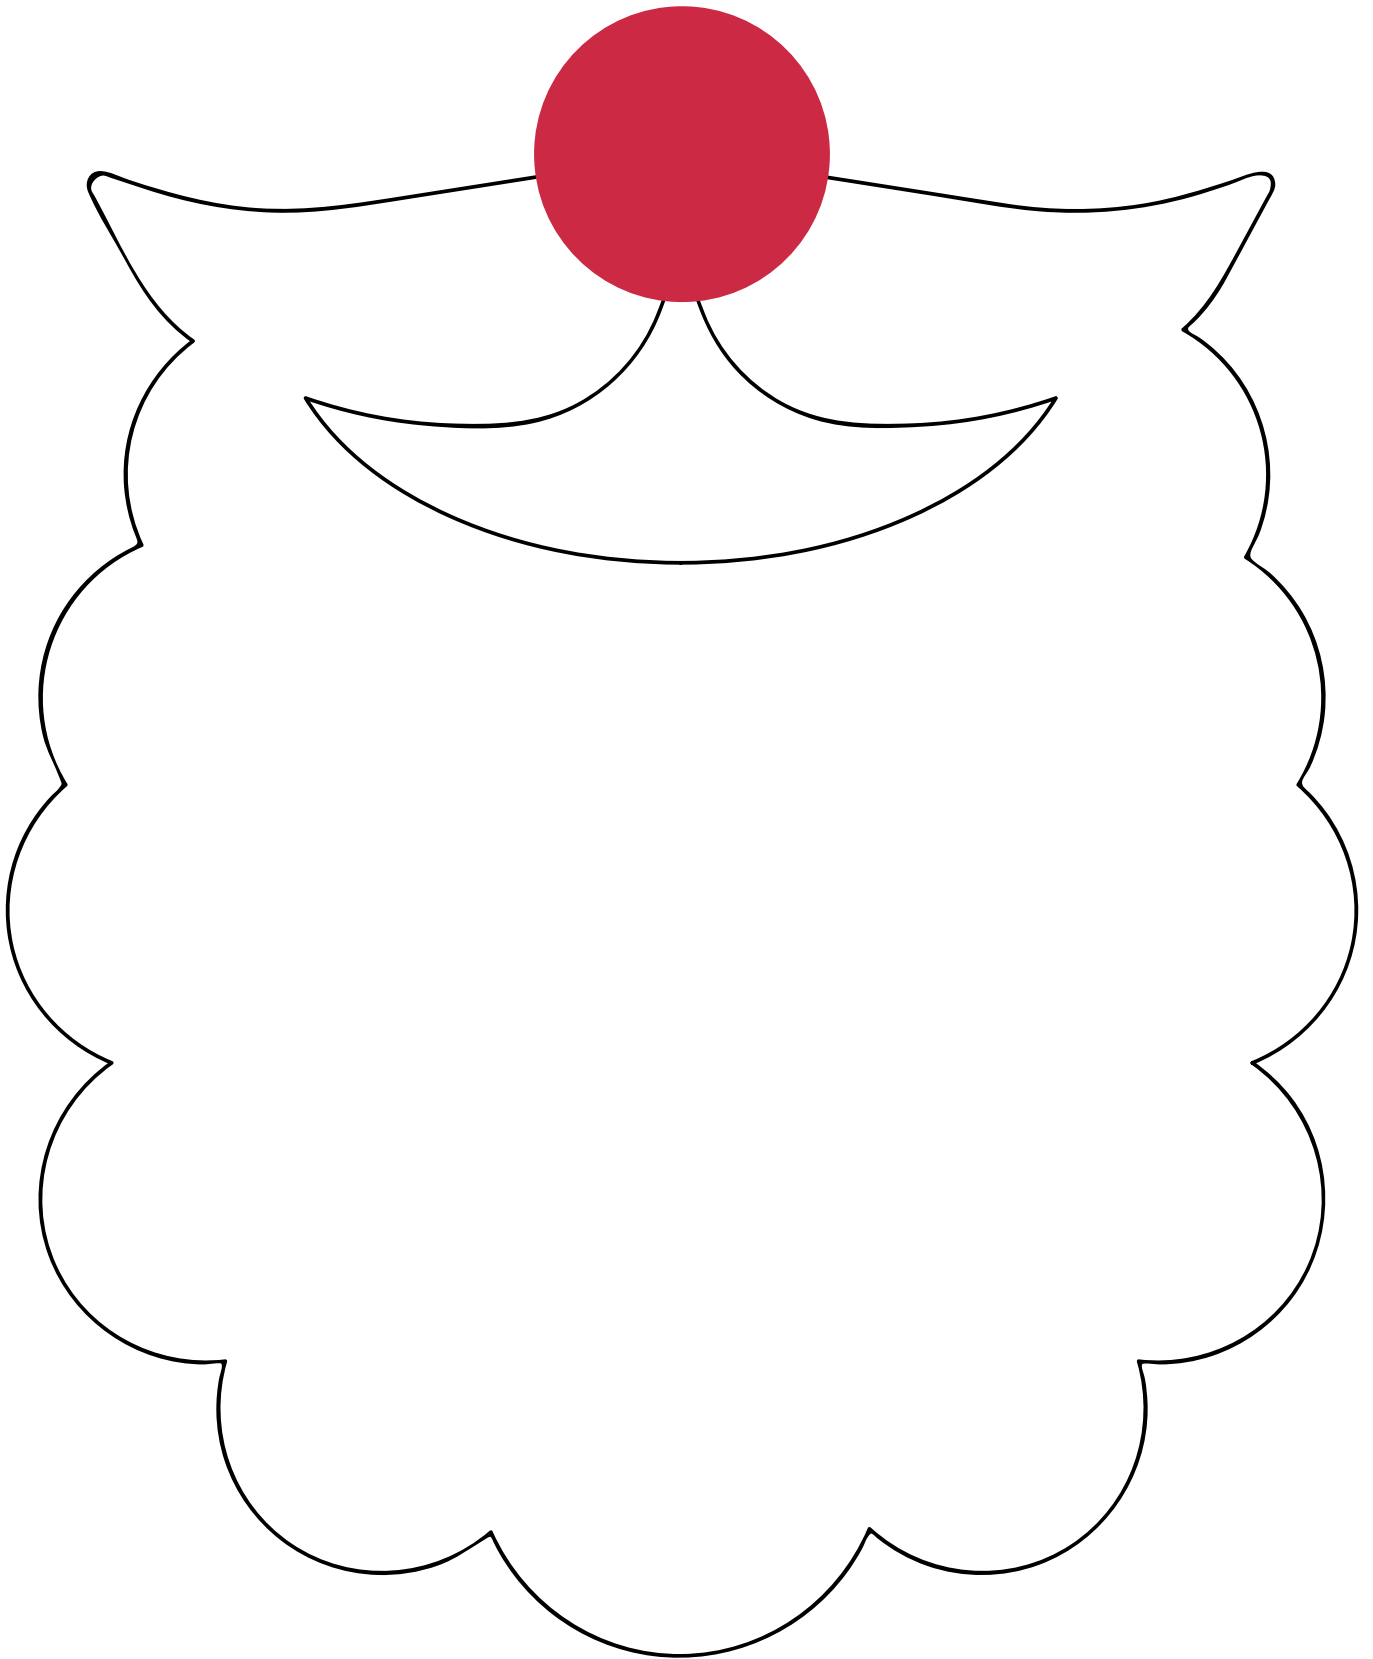

HAPPY CHRISTMAS FROM THE BLACKMILK TEAM XO
